

5.0 DM Pitch

Quick Pitch

Bleach & Claymore meets Neon Genesis Evangelion 1.1.3.0+1, with a dark cirque du soliel vibe & Shiro Saquisu meets Bear McCreary sound track. The lore delves deep into Gnosticism and kabbalah for origin fiction.

HOOK PITCH

Genetically enhanced defenders of the last city on a shattered earth, defend against the unimaginable enemy seen as responsible for shattering it. As they fight and battle their way to victory over the darkness all power comes at a cost, every step forward requires a sacrifice, the more pain they experience the stronger they get until they succeed in stopping their enemy or die trying. When pitted against an impossible strength, each defender must decide what they are willing to sacrifice for the greater good. but knowing what is good and what is evil comes at a heavy price.

LONG PITCH: Malkuth

Set In Eve City the last bastion of human civilization on a future and shattered earth, a final assault is made against a chaotic and unknowable enemy planning to unleash hell on the city.

The Sanctum Vanguard is Eve's Last hope for human survival, as they pursue O Chi Ro to ruins on the outskirts of the city to rescue one of their own and stop the attack. The members of the Vanguard are Individuals of Eve City and elsewhere that have special genes, and are enhanced with Sanctum Technology called Tears of Aria. Without the tears their abilities consume their life force and are used at a heavy personal price, the more they use their abilities they exhaust the Tears of Aria, if a tear becomes completely exhausted the Vanguard fighter may call upon too much energy from their soul and turn into a monster.

The Vanguard quickly learns they are no match for the members of O Chi Ro who as it seems have each achieved a mastery in each of the 5 fields of combat (restoration, elemental, Physical, Nouetic, & Barrier) and can fight with maximum power completely unchained and unconcerned for their individual safety. O Chi RO has formidable strength and a foreign power that was superior to every skill any one member of the vanguard teams possessed. One by one the Vanguard fall, and by each downed brother or sister, those who survive come to know firsthand the vicious brutality of the O Chi Ro.

The bloody conflict ends in tragedy for all involved with a fuse being snuffed just before the collateral damage to the city became catastrophic. was it a victory or a loss... so many dead, so many wounded... so many stolen... a cycle of violence perpetuated by absent hands and cryptic minds.

There are an estimated 3 seasons planned with the events of this pitch constituting a prologue.

TITLE PITCH

Erebos - deep darkness, shadows - a primordial god or diety representing the personification of darkness, one of the first five things to come into existence from chaos.

Title chosen because lore is gnostic in nature

In this world a chaotic demiGod has given few chosen humans the power to defy logic, the power to change, the power to mend evils, the power to rise and overcome burden... and in this world where people have discovered the power to enact change as an individual sees it... after the thousands of years of war we have survived... what does this say about god, about the depravity of mankind, this is the story of a villain's crusade against god... to destroy a fate that has made him bitter and jaded... to create permanent change in humanity the way he sees best... to force Evolution through terror and hardship. This is the story of heroes... fighting to their last breath... for what they believe in... for what they love. Share in their resolve against despair, rise with their glory against evil, and end hold true with their convictions...

Malkuth: Kingdom. the realm of matter/earth as they relate to the physical world, Malkuth gives tangible form to the other emanations. It is like the negative node of an electrical circuit. The divine energy comes down and finds its expression in this plane, and our purpose as human beings is to bring that energy back around the circuit again and up the Tree.
